INSTITUTE

We'd Like Your Feedback!

Want to help improve measures for future NF1 clinical trials?

VIRTUAL RESEARCH
OPPORTUNITY

60- 90 Minute
Interview or Focus
Group Discussion

Participation in this study may help
validate measures of visible tumors and
appearance concerns.

Our goal is to enroll participants from
diverse racial and ethnic backgrounds,
including those from underrepresented
groups.

Participants will be paid for their time.

Eligible participants must be:

- Ages 8 or older

AND

- Diagnosed with NF1

OR

- Have a child with NF1

AND

- Have access to a device with
internet and able to read and
communicate in English.
